Who We Are

A Platform for Visibility, Dialogue, and Impact.

The **Monaco Women Forum** was born from the success of the **Monte-Carlo Woman of the Year Award**, created in 2012 by renowned journalist **Cinzia Sgambati Colman** to honor women who create impact away from the spotlight. What began as an intimate gathering has grown into an internationally recognized platform for dialogue, innovation, and visibility.

In 2019, the Forum was launched to expand those conversations to a wider public. Despite the pandemic, we adapted through digital editions, and since 2022, our growth has been exponential. Today, the Forum welcomes world-class speakers, professionals, and change-makers from across the globe.

A Unique Format

Women's Voices Leading the Conversation

While most global forums are still dominated by male panels, we reverse the model: we prioritize women speakers while embracing cross-gender, cross-sector dialogue to elevate expertise and impact.

EXPERT-LED, FEMALE-DRIVEN

We spotlight women leaders across industries while remaining open and inclusive. Our panels are curated for depth, relevance, and global perspective.

ELITE GLOBAL AUDIENCE

Decision-makers, CEOs, institutional leaders, entrepreneurs, top innovators gather in Monaco for one day of high-level exchange. Our guests fly in from across Europe, the U.S., Asia, and the Middle East to attend.

BUILT FOR REAL CONNECTIONS

MWF is not just another conference, it's a launchpad for collaboration. From curated networking to startup visibility, our ecosystem creates enduring partnerships.

The Monaco Women Forum brings together the right people, around the right conversations, to shape what comes next.
